

The **Saskatchewan College of Psychologists** Council has created this strategy and will work to ensure that the SCP plans and activities over the next four years support the strategy.

2008 - 2011 SCP Strategy

Our **Vision** is that:

All psychological services in Saskatchewan are delivered by registered psychologists who are ethical and competent.

The **Mission** of the SCP is:

To regulate the profession of psychology through the registration of psychologists and ensure the protection of the public through the ethical, competent practice of the members.

The College is a responsible, responsive and professional organization that respects the rights and dignity of others and the integrity of relationships.

Four Goals:

Grow...

To increase membership and resources.

Sustain...

To ensure competent and ethical practice

Lead...

To achieve consistent governance and operations

Advance...

To contribute to opportunities to advance the profession

Grow –

- Increase the number of competent registered psychologists
- Promote psychology as a viable and respected profession
- Refine registration process to accommodate the licensure of foreign trained psychologists
- Transportability of credentials across North America - Mutual Recognition Agreements
- Increased sources of revenue available to the College

Sustain –

- Provide public education related to the practice and regulation of psychology
- Receive and adjudicate complaints from the public
- Monitor continuing education
- Work toward scope of practice in the legislation
- Maintain efficient and sustainable operations

Lead –

- Refine and establish policies and procedures to guide the ongoing operations of the College
- Ensure strategic leadership through ongoing assessment of the strategic plan supported by annual operating plans

Advance –

- Seek collaborative relationships with partner agencies - to ensure that the voice of the regulator is included in relevant strategies
