GENERAL COMMENTS THE APE AND DIAGNOSTIC PRACTICE:

Diagnostic practice is a controlled act under the legislation and as such there is a separate process for application and endorsement. The knowledge, skills, and abilities listed in Section 13(1) of the Regulatory Bylaws were identified by the National regulators of Psychology as necessary for independent diagnostic practice.

Only individuals who have been awarded Full Practice licensure are eligible for the endorsement. One cannot undertake diagnostic practice without the APE on their license.

Until the APE is awarded, individuals seeking the endorsement must be under the direct supervision of a Full Practice member of the Saskatchewan College of Psychologists (SCP) who has the APE and shares the practice competencies you claim. This includes Full Practice members seeking the endorsement as well as those who are licensing under a recognized mobility agreement and are seeking the endorsement.

Provisional members seeking the APE must address diagnostic practice in their Supervision Plan. The Supervision Plan should allow for the demonstration and evaluation of the necessary knowledge, skills and abilities.

The Registration Committee of the SCP reserves the right to require the examination of applicants in the area of diagnostics, regardless of whether an applicant enters licensure through a recognized mobility agreement.

THOSE ELIGIBLE TO RECOMMEND APPLICANTS FOR THE APE MUST BE:

1. A Full Practice Psychologist (independent licensure) who has been established to be qualified to independently provide diagnoses, **AND**;
2. Shares the same declared area(s) of practice competence as those claimed by the applicant; **AND**;
3. In the case of a Provisional member is an approved supervisor..

APE APPLICATION PROCESS FOR PROVISIONAL PRACTICE MEMBERS OF SCP:

1. Provisional members can apply for the APE if they meet the requirements for the APE as outlined in Section 23 of *the Psychologists Act 1997*, the Regulatory Bylaws (Section 13), and the SCP policies OP 3.3 and OP 3.10;

AND they have successfully completed the 1500 hours of supervised practice and the Examination for Professional Practice in Psychology (EPPP);

AND they are applying for eligibility to take the SCP oral examination.

The APE will only be awarded if and when a Full Practice license is being awarded.

2. An Application Form, “Self-Report of APE Competence” form, and an “APE Supervisor / Assessor Rating Form” must be submitted to the SCP, for approval by the Registration Committee or its designate.
3. The \$100 non-refundable application fee must be submitted with the application for the APE.

APE APPLICATION PROCESS FOR FULL PRACTICE MEMBERS OF THE SCP:

1. Full Practice members who do not have the APE on their license, are eligible to apply for the APE if they meet the requirements as outlined in Section 23 of *the Psychologists Act 1997*, the Regulatory Bylaws (Section 13), as well as the OP 3.3 and OP 3.10.

3. The \$100 non-refundable application fee must be submitted with the application for the APE.

APE APPLICATION PROCESS FOR FULL PRACTICE PSYCHOLOGISTS FROM OTHER JURISDICTIONS APPLYING UNDER RECOGNIZED MOBILITY AGREEMENTS:

1. Applicants applying for licensure under a recognized mobility agreement **AND** who were licensed for independent practice that included diagnostic privilege, are eligible to apply for the APE if they meet the requirements as outlined in Section 23 of *the Psychologists Act 1997*, the Regulatory Bylaws (Section 13), as well as the OP 3.3 and OP 3.10.
2. A completed Application Form, the “Self-Report of APE Competence” form, and an “APE Supervisor / Assessor Rating Form” completed by a Full Practice Psychologist with diagnostic privilege who can attest to the applicant’s diagnostic competence.
3. The \$100 non-refundable application fee must be submitted with the application for the APE.
4. If an applicant does not meet the legislated requirements for the APE, the Registration Committee has the right to require a period of supervision under an approved Supervision Plan and supervisor, and/or an oral examination. The applicant may still be awarded a Full Practice license without the APE if they are not eligible for the APE.
5. If an applicant is required to undergo supervision they will be required to resubmit the APE application materials following completion of the supervision period. If reapplication is made within 12

months of the initial application submission date, they will not be required to submit a new application fee. The applicant may be awarded the APE at this point or may be required to take an APE-focussed oral examination.
