See Theo Fleury in Regina Sept. 25, 2019

Health Innovation Summit Keynote Speaker Theo Fleury defines himself as a victor over trauma and addiction, and a facilitator to those still trying to find their way. His best-selling books, *Playing with Fire*, and *Conversations with a Rattlesnake*, encourage open sharing and provide practical tools that people seeking help can personally use.

Theo's talks inspire leaderships, teamwork and resilience. He believes it is never too late for positive reinvention, and his dynamic storytelling might

be inspiration to confront life's challenges ([National Speakers Bureau/Theo Fleury](#)).

The opportunity to hear Theo's story is one exciting element of this year's Health Innovation Summit, which is focused on mental health and addictions.

Registration for the 2019 Health Innovation Summit is open until Sept. 20.
