*Dr. Johnson needs no introduction. Recipient of numerous international awards, she is the primary developer of **Emotionally Focused Couples and Family Therapy (EFT)**, which has demonstrated its effectiveness in over 30 years of peer-reviewed clinical research. Her most recent work, **Attachment Theory in Practice: EFT with Individuals, Couples and Families (2019)** is available from Guilford Press.*

Don't miss this great opportunity to learn from one of the best in our field!
